Overview

Upon boarding "Jessie Lea" one immediately notices the extremely large well appointed aft deck. This area measures a full 17.6' wide by 14' long with full teak decking. Dining is via the custom 8'x4' low teak dining table that will comfortably seat 6/8 people. Excellent access to the water via stairs heading down to the swim step. This yacht features full walk around side decks and comfortable seating on the bow.

Access from the aft deck via custom stainless steel aft bulkhead glass doors into the Main Salon. Extensive use of high tech sound proofing materials was used to create a quiet, relaxing area while underway or at anchor. Beautiful cherry wood with sappelle inlay together with Izit leather sofas create a warm and classic atmosphere.

Walking forward is the large Pilothouse with a v-shaped settee to port and a large custom Galley to starboard. The visibility is exceptional. With panoramic windows, the view can be seen from every angle in this area of the yacht.

"Jessie Lea" sleeps six people in three staterooms, plus one crew. The large full beam Master Stateroom is located below midship, and features a full size queen berth, large walk-in wardrobe, and exceptional storage. The Master head is located starboard and aft, and features a full size

tub/shower and jetted spa, his and her sinks, and upgraded marble countertops. All sinks, faucets and hardware are an owner upgrade. The VIP Stateroom is forward with an island queen berth, entertainment center, hanging locker and generous storage. The VIP head is located to port with a separate stall shower, and upgraded granite vanity and Kohler accessories. The Guest Stateroom is located to port with twin berths and private ensuite head.

One enters the large full beam Flybridge from the Pilothouse via a custom built circular stairway (work of art) or from the aft deck. The flybridge features custom hard top, full instrumentation, duplicate electronics, and two Tracy helm chairs. In addition, there is generous seating, a custom fiberglass wet bar with icemaker, refrigerator, and a electric BBQ. The Flybridge area is laid out for casual, relaxed entertaining.

Rarely do we have the opportunity to offer such a highly customized and extensively equipped yacht as "Jessie Lea". This was the current owner's 5th yacht. Being a professional yachtsman, all of his combined experience went into "Jessie Lea" without regard to cost. The owner wanted the "highest quality" and the "safest" for his family. Truly a spectacular vessel that would be hard to duplicate at any cost. Very reasonably priced. Treat yourself to a personal inspection.

Salon

- Custom wooden entertainment cabinet
- Additional salon hideaway storage
- Upgraded sound down acoustic insulation in floors and walls
- Hunter Douglas duette window shades
- Valances & wood mullions
- Fabrica carpet

- Fiberglass locker with sink, cold water

- camera, steaming light, anchor light, lightning arrester (see Navigational equipment for details)
- Fiberglass seats with storage under and flow through foam cushions w/ covers

- faucet, fresh water wash down hose bib, U-line model 29 icemaker/refrigerator,
- Gaggenau 220v electric cooking grill
- 110v AC duplex outlets (3 GFI)
- Telephone jack
- Stainless steel steering wheel

Mechanical Equipment

- Twin fresh water cooled diesel engines: Caterpillar 3406 800hp each (owner upgraded - from standard 600hp)
- Engine's have electronic 3406E dual monitoring stations
- ZF marine reduction gearboxes (2.007)
- Local mounted start/stop instrument panels for main engines
- Hydraulic bow thruster and stabilizers - Naiad 10 ht. 25hp w/ digital controls(owner upgraded)
- Underwater main engine exhaust with bypass and fiberglass mufflers
- Centek generator muffler with air/water separator and hull side exhaust
- 2 x 20kw generators Norther Lights with racors & gauges (owner upgraded)
- Aqua Air reverse cycle chilled water air conditioning system (except engine room) with microprocessor digital controls in room. 2 units - seperate chillers/common circular pump (owner upgraded)
- Engine room ventilation via air/water separators
- Manually and automatically actuated CO2 fire extinguishing system with automatic dampers
- Engine driven emergency bilge pumping system for engine room bilge
- Manually and automatically actuated CO2 fire extinguishing system with automatic dampers
- Twin Racor manifold systems fuel filters for main engines triples and generator
- 30 gallon water heaters
- Automatic sump pumps
- Automatic bilge pumps
- Fuel management system consisting of fuel shut-off valves and fuel transfer pump with meter system
- Hart Tank Tender fuel and water tank gauge (pneumatic pump type)
- Black water tank: 150 gallons
- Gray water tank: 150 gallons
- Hydraulic davit pump
- Groco bronze raw water strainers for all engine and sea water pump intakes
- Seacocks on all through-hull fittings below the waterline
- Fiberglass battery boxes
- Battery condition indicator
- Engineered vibration and noise attenuation system
- Sound mounts for main engines, generator, engine room stanchions, head pumps/motors, AC compressors and cooling pumps
- Drip trays under engines
- Aquamet 22 propellor shafts
- Aquamet 22 rudder blades
- Nickel aluminum bronze shaft struts
- Nickel aluminum bronze propellers, 5 blade
- Cutless rubber stern and rudder bearings
- PYI shaft seals for propellor shafts and rudder stocks
- Flourescent lights
- Automatic 24v DC emergency lights
- Smoke detectors
- Telephone jack

- 1 main water pump, 1 back up water pump and accumulator tank for fresh water pressure system - jacuzzi pump systems
- FCI water filter unit for entire system, 1 filter for dock water, 1 filter for spot free system (owner upgraded)
- 1200 gpd Reverse Osmosis Watermaker system w/ auto backflush & UV sterilization (owner upgraded)
- Sink with fresh water hose bib
- Headhunter head system with Grundfos water pressure pump
- 110v AC duplex outlets (2 GFI)
- Water tight entrance door in aft engine room bulkhead
- Emergency escape in forward engine room bulkhead
- "X-Change-R" Lube oil system w/ 2 x aluminum oil storage tanks of 50/100 gallons each (owner upgraded)
- Back-up fuel system for main engines w/ separate lines & valves (owner upgraded)

Navigational Equipment

- SeaTel GSMP-2102 Globalstar Satellite Telephone/Data Terminal
- 2 x ICOM M-602-01 Compact DSC Marine VHF Radio
- Furuno 1933C/NT NavNet Color Radar/Plotter Combination - 10.4"/4' open 6kW
- Furuno 1900C/NT NavNet Color LCD Multi-Function Display/Plotter
- Furuno GP-36 Differential DGPS Receiver
- Robertson AP20 Autopilot System
- Spare Naiad autopilot head - \$1500 value
- Robertson AP20 Second Station Control Head
- Remote plug-ins for docking controls
- 4 x Brookes & Gatehouse Network QUAD System Display Unit
- RCA DRD - 480 radio remote controlled DSS Receiver (RF)
- KVIH tracphone F55 SAT phone system with data, voice, fax and email - 1 x H.P. fax/scan/printer, 1 x Cannon I10 printer: 1 x Panasonic 2-line portable phone
- Entire boat wired for Panasonic phone system, 24 line PVX
- Mathers 3 station remote control for external docking
- Ritchie 5" Compass

Electrical System

- 220/110v AC 60hz and 24/12v DC electrical panel
- 2 x 20kw generators Northern Lights with racors & gauges (owner upgraded)
- 2 x ACR 100 searchlight with control at upper and lower helm stations (owner upgraded)
- AC overhead light fixtures throughout
- Valance and floor rope lighting 24v DC
- Automatic wardrobe lights
- All courtesy lights replaced with stainless
- Battery parallel system at both helm stations
- Removable emergency flashlights in each stateroom (built in light switch)
- 2 x 12v DC 175 amp-hour battery bank for generator start
- 12v DC 20 amp battery charger (generator)
- 24v DC 50amp battery charger (electronic)

- steel fixtures and LED's throughout (owner upgraded)
- Emergency lights, 24v DC, automatic at loss of AC power
- 24v DC reading lights
- 110v AC receptacles in galley, heads, engine room and exterior are GFI protected
- 2 x 24v DC 210 amp-hour battery banks for engine start and ship service
- 1 x bank with Mastervolt 5000wt. inverter system
- Generating set/shore power selector switch, shore power polarity indicator
- LCD 12" color touch screen control/alarm monitoring system
- 24v DC 50 amp battery charger (ship service)
- 50 amp Vanner 12v DC power supply
- Spare 24/12v DC circuit breakers in subpanel
- 1 x Glendinning shore power Cablemaster 50amp/110'
- Shore cable television inlet with 100' cable
- Omni-directional multi unit TV antenna
- Electric copper bonding system
- Isolation transformer (25 kva) for shore power system
- Dynaplate with strap to pilothouse and flybridge ground terminal boards
- Voltmeters and ammeters for supply circuits
- 1 x 175amp hour battery bank for electronics

Tenders & Toys

- 2002 14' Novurania 430 DL
- 50hp Honda
- Full cover for storage
- Bimini top
- VHF, Depth Sounder, Compass, GPS
- Dive compressor
- Dive chocks for tanks
