M/V Scout was designed for worldwide family cruising with safety and comfort in mind. Her range is adequate to reach the most far-flung destinations on earth, yet she is easily handled by a couple. Her accommodations are luxurious and well planned, offering the interior space of most vessels 70 feet or more. This stabilized steel "go-anywhere" yacht will take you there in confidence and comfort with its sumptuous interior and commercial quality powertrain and systems. The major systems were installed and serviced by Delta Marine Industries who are one of the most respected luxury yacht builders in the world. 3,000 + nm range with all the right gear and equipment including Hundedstedt controllable pitch propeller.
